Rivers State, Nigeria

princessuhiene@gmail.com

PROFILE

Versatile Developer with expertise in full-stack development and project management. Skilled in React, TypeScript, JavaScript, and the MERN stack, delivering value across the Software Development Lifecycle (SDLC). Experienced in simplifying processes and collaborating with cross-functional teams.

SKILLS

- Frontend Development: React, TypeScript, JavaScript, Next.js, Tailwind CSS.
- Full-Stack Development: MERN stack (MongoDB, Express, React, Node.js).
- Web3 Development: NFT projects, Candy Machine v3.
- API Integration: Seamlessly connected frontend and backend systems.
- Development Practices: SDLC, Agile (Scrum/Kanban).
- Project Management: Led cross-functional teams to meet project goals

EXPERIENCE

Dapp Mentors LLC | Frontend Developer & Project Manager (2022 - 2024)

- Built user interfaces for Web3 applications using React and Next.js.
- Integrated backend APIs into responsive frontend systems.
- Managed project timelines and led cross-functional teams to meet milestones.

Sate Consult | Frontend Developer (2022 - 2023)

- Developed web interfaces using React, JavaScript, and Tailwind CSS.
- Conducted usability testing to improve user experience.
- Collaborated with senior developers to deliver SEO-friendly solutions.

White Creativity | Web Developer Intern (2022)

- Collaborated with senior developers to build responsive and visually appealing web interfaces using HTML5, CSS3, and JavaScript.
- Conducted usability testing and provided feedback on user interface design enhancements.
- Implemented SEO best practices to improve website visibility and performance metrics.

EDUCATION

University of Port Harcourt

Bachelor's Degree in Computer Science 2018 – 2024
